

Inayan School of Eskrima - The Martial Art with an edge...

Dear Inayan Eskrima Student,

I would like to take this opportunity to personally welcome you to the Inayan School of Eskrima. I sincerely hope that your experience with our organization is one of growth, both in mind and body.

I have an open door policy with my students, so please don't hesitate to approach me if you ever need to talk. The subject is not important, the willingness to communicate is. I have seen too many good students quit the arts over minute problems that could have easily been taken care of if one or both parties were willing to communicate. So again, if you ever need to discuss situations regarding our school or even outside the school, I'm hear to listen.

With the important said, let me now outline my referral program for you. For our school to be prosperous in the way of having good training equipment, a nice place to call our "school" and so on, we need to have and keep a sizable student body. To do this we rely heavily on referrals from existing students. Perhaps this is how you heard of our school as well. Because referrals are so important, I would like to reward the efforts of the students that continue to bring in new people. Below is the compensation you will receive for new students you bring in that sign up. The Sgt. at Arms can go over this benefit in detail and explain the value of a private lesson.

2 students per month - Half-hour private lesson
Each additional student per month - One-hour private lesson

It is up to you to let the Sgt. At Arms know that you were responsible for bringing in the new sign ups. This is the only sure way you can get proper credit.

Unless I have called for a special "closed workout" feel free to invite interested parties to any class so that they can watch and see what we do at the school. Please just let you local Sgt. At Arms know about the visit.

I believe you will find Inayan Eskrima to be as fun as it is practical. Our traditions are deep and we look forward to sharing them with you. Enjoy your training and when you do train, do so with a passion and you will go far in the art. Once again, welcome! We look forward to walking the path with you...

Mabuhay ang Inayan Eskrima,
Steve Klement
